

JAMES K. HAVEMAN, JR., DIRECTOR

Lewis Cass Building 320 South Walnut Street, Lansing, MI 48913 Phone: (517) 373-3500, TDD: (517) 373-3573

The Michigan Department of Community Health (MDCH) is the largest department within the executive branch, administering over \$8.5 billion annually. The functions of MDCH include development of state health policy and management of the state's publicly funded health service systems. More than two million Michigan residents will receive services this year funded in whole or in part through MDCH.

The department was created by Executive Order No. 1996-1, issued on January 31, 1996, by the Governor, in order to provide a more holistic approach to health care in Michigan. The Executive Order consolidated the Department of Public Health, the Department of Mental Health, and the Medical Services Administration, the state's Medicaid agency. The Office of Drug Control Policy, the Crime Victim Services Commission, and the Office of Services to the Aging were added to the department in subsequent Executive Orders.

The Office of Drug Control Policy's mission is to reduce and prevent drug use and crime through prevention, treatment/rehabilitation and incarceration. The Office of Drug Control Policy is responsible for the award and administration of grant projects with local criminal justice agencies, state and local governmental agencies, education providers, courts, community-based organizations, prosecutors, and private nonprofit agencies to reduce and prevent substance abuse, and adult and juvenile crime and violence, and to educate the children of Michigan about the dangers of substance abuse. Federal funding is received annually from the Department of Justice for Byrne Memorial Formula Grant programs, local law enforcement block grant programs, and residential substance abuse treatment for state prisoner programs. Federal funds are received from the Department of Education for Safe and Drug Free Schools programs.

Health Promotions and Publications promotes healthy life-style factors in individuals, vulnerable populations, and communities to improve the health status and quality of life for Michigan residents.

Health Legislation and Policy Development facilitates the development of state policy designed to protect and improve the health of the people of Michigan. Other responsibilities under this administrative line include federal affairs and policy development, legislative support and analysis, administrative hearings, legal affairs, Certificate of Need and community health assessment.

The Community Living, Children and Families Administration assesses need, recommends policy, and promotes the development of capacity within communities to provide quality, accessible, culturally competent services. These services address conditions focused on improving the health, well-being, functioning and/or quality of life for those infants, children, adolescents, and adults who are at risk of or have physical, emotional or mental disabilities, and for their families. Funding is provided for prenatal care clinics, maternal and infant health advocacy services, hearing and vision screening, dental health, lead poisoning prevention and testing, abstinence programming and child health. This administration also coordinates all of the housing, supported community living and self-determination programs and activities of the department.

The *Chief Operating Officer* for the department has responsibility for the Bureau of Human Resources and Administrative Services, the Bureau of Management Information Systems, the Crime Victim Services Commission, and the Women, Infants and Children (WIC) Administration.

Mental Health and Substance Abuse Services is responsible for promoting and maintaining an adequate and appropriate system of services for children and adults who have a serious emotional disturbance, a serious mental health condition, a developmental disability, a substance abuse problem or a pathological gambling addiction.

Under the Mental Health Code, the department shall:

- Engage in planning for the purpose of identifying, assessing, and enunciating the mental health needs of the state;
- Review and evaluate the relevance, quality, effectiveness, and efficiency of mental health services provided by state and county community mental health programs;
- Establish minimum standards governing the operation of community mental health services programs;
- Direct mental health services to individuals who have a serious mental illness, developmental disability, or serious emotional disturbance with priority to be given to individuals having the most severe forms of these disabling conditions who are in urgent or emergency situations:
- Promote and maintain an adequate and appropriate system of community mental health services programs throughout the state;
- Promote and maintain "Person-Centered Planning" approach to case planning and service delivery by all publicly funded mental health programs;
- Develop and establish arrangements and procedures for the effective coordination and integration of all public mental health services, and for effective cooperation between public and nonpublic services, for the purpose of providing a unified system of statewide mental health care:
- Review and evaluate the relevance, quality, effectiveness, and efficiency of mental health services being provided by the department and assure the review and evaluation of mental health services provided by community mental health services programs;
- · Provide statewide forensic services.

The department operates the following **hospitals and centers**:

- A center for children with serious emotional disturbances: Hawthorn Center
- Four adult psychiatric hospitals:

Caro Center

Kalamazoo Psychiatric Hospital

Northville Psychiatric Hospital

Walter P. Reuther Psychiatric Hospital

- Two centers for persons with developmental disabilities:
 Mt. Pleasant Center for Developmental Disabilities
 Southgate Center for Developmental Disabilities
- A hospital for prisoners via contract with the Department of Corrections: Huron Valley Center
- Forensic services: Center for Forensic Psychiatry

Community mental health services programs are available in all 83 counties, under the auspices of 49 single- or multi-county community mental health boards.

Substance Abuse Services is the other major component of the Mental Health and Substance Abuse Services line. It is governed by the Public Health Code. Its duty is to promote the health and welfare of individuals through the reduction of substance abuse and to participate in efforts to address its social, personal, and economic consequences. To accomplish this mission, Substance Abuse Services administers state and federal funds, advocates for effective public policy, and develops appropriate resources.

The **Pathological Gambling Services** administered by the department includes providing a 24-hour statewide gambling addiction "help line" and gambling treatment services supported entirely with

funds provided by the Michigan State Lottery, Department of Agriculture (horse racing) and licensing fees paid by the three casinos operating in Detroit.

Community Public Health Administration is responsible for assessing community needs and to prolong life and promote health through the prevention and control of communicable and chronic disease. These responsibilities and objectives are administered by the following units:

- The Division of HIV/AIDS-STD is responsible for planning, directing, and coordinating prevention, control, and intervention for HIV/AIDS among infected and affected populations in Michigan. This program also aims to control syphilis, gonorrhea, and other sexually transmitted diseases. Primary treatment drugs and laboratory support are supplied by MDCH.
- The Division of Chronic Disease and Injury Control promotes healthy life-style factors in individuals, vulnerable populations and communities to improve the length and quality of life for Michigan residents; translates behavioral science technology into actions to promote healthy behaviors, and prevent diseases and injuries.
- The Bureau of Epidemiology is responsible for four major activities: surveillance and prevention of communicable diseases and the response to epidemics; promotion of immunization among children and adults; assessment of the health implications of exposures to environmental agents; and the analysis of health and disease patterns in the populations.
- · The Bureau of Laboratories provides services for the identification and monitoring of infectious disease agents such as HIV and other sexually transmitted diseases, tuberculosis, hepatitis, and Legionnaires disease. It has the responsibility for testing each Michigan newborn for 7 genetic and metabolic disorders; provides a lead screening program for Michigan children; and provides analysis for chemicals such as pesticides and herbicides in both human and animal tissue.
- The Division of Vital Records and Health Statistics is responsible for collecting and analyzing information on vital events such as births, deaths, marriages, divorces and related information such as paternity establishment, fetal deaths, induced abortions, persons diagnosed with cancer, children identified as having birth defects, and health services available within the state. It provides documentation and analyses of all vital events which are compiled through a registration system begun in 1867.
- The Division of Community Services is responsible for local contracts management and interfacing with the local health system; lead abatement contracts; and the Office of Minority Health which provides coordination of programs and policies with focus on the health status of communities of color.

The **Budget and Finance Administration** is responsible for the following functions:

- · Revenue enhancement
- Accounting functions
- Contracts and grants
- · Budgeting functions

The *Medical Services Administration* is responsible for the administration and management of the Michigan Medicaid Program and other health benefit programs. These programs are designed to provide medical assistance to persons with low incomes and high health needs. The administration value purchases health benefits from private qualified health plans across the state and administers a fee-for-service program that reimburses hospitals, nursing homes, physicians and other providers for health benefits provided to Medicaid beneficiaries.

The **WIC Administration** is responsible for the special supplemental nutrition program. The program provides nutritional food, nutrition education, breastfeeding education, and support and referrals to health care and other services for women, infants and children with incomes at or below 185 percent of poverty and have a nutritional or growth risk. Services are delivered through local public health departments and community agencies.

The **Crime Victim Services Commission** is charged with overseeing a wide range of services and funding for victims of crimes. It administers the crime victim compensation, crime victims rights and assessments, federal victim assistance grants, and automated victim notification programs. Its goal is to promote services and supports that enhance the health, well-being, dignity and rights of victims of crime in Michigan.

CRIME VICTIMS SERVICES COMMISSION

	Term expires
Martin G. Bandemer, Detroit	Sept. 27, 2004
Delores Bussey, Farmington Hills	Sept. 27, 2002
WILLIAM A. FORSYTH, Grand Rapids	Sept. 27, 2003
LAURA E. FOSTER, Highland Park	Sept. 27, 2003
KEVIN RYNBRANDT, Grand Rapids	Sept. 27, 2002

The 5-member Crime Victim Services Commission is appointed by the governor and is composed of a practicing attorney, a county prosecutor, a peace officer, a member of the medical profession, and a community-based victim advocate.

The Office of Services to the Aging's mission is to promote and enhance the dignity and independence of older persons. The office is state government's focal point for issues important to our state's 1.5 million older men and women, and as such it allocates and monitors state and federal funds for all Older American Act services: nutrition, community services, legal hot line, emergency prescriptions, and care management. The office provides technical assistance to the Medical Services Administration on the home and community-based waiver; develops programs through Area Agencies on Aging; advocates on behalf of seniors with the legislature, governor, state departments, and federal government; and is responsible for state planning of aging services and develops the state formula for distribution of state and federal funds.

MICHIGAN COMMISSION ON SERVICES TO THE AGING

	Term expires
LIANA M. BACHAND, Midland	. July 28, 2002
CAROL A. BIRCH, Ann Arbor	. July 28, 2003
Nancy M. Boykin, Ph.D., Detroit	. July 28, 2004
Christina Clark, Metamora	
June Cox, Warren	. July 28, 2002
JOHN M. GONZALES, Imlay City	. July 28, 2004

VIRGINIA V. TEICH, Owosso	. July 28, 2003
Louise Thomas, Kentwood	. July 28, 2002

The **Michigan Commission on Services to the Aging** was created by Act 146 of 1975, and redefined by Act 180 of 1981. The commission advises the Office of Services to the Aging, the governor, and the legislature on matters relating to policies and programs for older and aging persons in Michigan; promotes senior citizen interests within state government and communities; and administers the federal Older Americans Act programs and state-funded programs.

The 15 commission members are appointed by the governor, with the advice and consent of the senate, to serve 3-year terms. A majority of the members are 60 years of age or older, and no more than 8 members are of the same political party.

COMMUNITY HEALTH ADVISORY COUNCIL

	Term expires
WILLIAM BIRCH, ED.D., Chair, Marquette	Dec. 31, 2003
JEFFREY DAMEC, Grand Rapids	Dec. 31, 2003
KATHRYN DODGE, Sylvan Lake	
DON R. HALVORSEN, Lake City	
Pamela Joy, Detroit

The Advisory Council on Mental Illness was created as required by Federal P.L. 102-321. The council advises the Department of Community Health regarding the goals pertaining to the Federal Mental Health Block Grant.

Members of the council are appointed by the Director of the Department of Community Health for two years. At least ten of the members are either advocates, consumers or family members. The remaining members are state agency representatives or provider agency representatives. The council is staffed by the department.

CARO CENTER

ROSE LASKOWSKI, R.N., Director 2000 Chambers Road, Caro, MI 48723

The **Caro Center** was originally established in 1913 as the Michigan Farm Colony for Epileptics under the authority of Act 173 of 1913 as a state hospital to serve persons with epilepsy. Subsequent name changes included the Michigan State Hospital for Epileptics, Caro State Hospital for Epileptics, Caro State Home and Training School, Caro Retardation Center, Caro Regional Center, Caro Regional Mental Health Center and, lastly, Caro Center in 1995. Today, the facility provides inpatient services for adults who have mental illness and is accredited by the Joint Commission on Health Care Organizations (JCAHO) and certified by the Health Care Financing Administration (HCFA).

CENTER FOR FORENSIC PSYCHIATRY

WILLIAM H. MEYER, J.D., Director Box 2060, Ann Arbor, MI 48106

The **Center for Forensic Psychiatry** was established as an agency of the Department of Mental Health under the authority of Act 175 of 1966, and, beginning August 1975, under Act 258 of 1974. The center is under the jurisdiction of the Bureau of Forensic Mental Health Services. The center is accredited by JCAHO.

The facility was established for the diagnosis, evaluation, and treatment of persons committed to the department by criminal courts; for the reporting of findings and recommendations to the department and courts as indicated; and for the conduct of research on the relationship between mental disability and criminal law.

The center is located on the grounds of the former Ypsilanti Regional Psychiatric Hospital. Construction of a new forensic center was initiated in the spring of 2001 and will be completed in 2003, with funding for the project appropriated in Act 265 of 1999. The location of the new center will be on the grounds of the former Ypsilanti Regional Psychiatric Hospital.

HAWTHORN CENTER

NEIL WASSERMAN, Director 18471 Haggerty Road, Northville, MI 48167

Hawthorn Center is a psychiatric hospital for children who are emotionally disturbed. The center is accredited by JCAHO and is certified by HCFA. It is also a training, teaching, and research center in child psychiatry and related disciplines in affiliation with Wayne State University and other local universities.

HURON VALLEY CENTER

ROSETTUS WEEKS, Director 3511 Bemis Road, Ypsilanti, MI 48197

Huron Valley Center opened in August 1994 in Ypsilanti, Michigan. It is part of a coordinated effort between the Department of Community Health and the Department of Corrections, providing treatment to the mentally ill offender.

This hospital gives acute and rehabilitative care to both men and women within the corrections system and is accredited by JCAHO.

KALAMAZOO PSYCHIATRIC HOSPITAL

JAMES J. COLEMAN, Ed.D., Director 1312 Oakland Drive, Kalamazoo, MI 49008

The Kalamazoo State Hospital, the oldest state-operated hospital in Michigan, was opened on August 29, 1859. The hospital was established for the "humane, curative, scientific and economical treatment of insane persons," and is situated on 178 acres of land. On January 1, 1978, the name of the hospital was changed to Kalamazoo Regional Psychiatric Hospital and subsequently changed to Kalamazoo Psychiatric Hospital in July 1995. The hospital is accredited by JCAHO and certified by HCFA.

The hospital's physical plant was conveyed to Western Michigan University by authority of Act 480 of 1996 and is currently leased from the university.

MT. PLEASANT CENTER

KENNETH LONGTON. Director 1400 West Pickard, Mt. Pleasant, MI 48858

The Mt. Pleasant Center opened in 1934 as the Michigan Home and Training School. The name was changed to the Mt. Pleasant State Home and Training School with the establishment of the Department of Mental Health in 1945. In 1975 the center was renamed the Mt. Pleasant Center for Human Development with subsequent name changes to the Mt. Pleasant Regional Center for Developmental Disabilities in 1978 and to the current Mt. Pleasant Center in 1995. The center serves persons with developmental disabilities providing a full range of treatment and rehabilitation services to persons from 79 counties of the state.

The center is certified under the ICF/MR program of HCFA.

NORTHVILLE PSYCHIATRIC HOSPITAL

Shobhana Joshi, M.D., Director 41001 Seven Mile Road, Northville, MI 48167

The legislature authorized the development of Northville State Hospital for persons with mental illness by an appropriation in 1944, but the name of the hospital was not recognized in legislation until 1947 and was not included in the Hospital Act for Mentally Ill Persons until 1952. The site of the hospital rests on 502 acres in northwest Wayne County. The name was changed to Northville Psychiatric Hospital in March 1995.

The hospital serves adults with mental illness and is accredited by JCAHO and is certified by HCFA.

WALTER P. REUTHER PSYCHIATRIC HOSPITAL

NORMA JOSEF, M.D., Director 30901 Palmer Road, Westland, MI 48185

In December 1977, psychiatric services at Wayne County General Hospital became a state operation. It was renamed the Metropolitan Regional Psychiatric Hospital. On October 1, 1979, the state purchased one of the buildings at Wayne County General Hospital and renamed it the Walter P. Reuther Psychiatric Hospital. The Metropolitan Hospital was then closed and persons requiring continued treatment were transferred to Reuther. Reuther operates today as a hospital serving adults with mental illness.

The hospital is accredited by JCAHO and certified by HCFA.

SOUTHGATE CENTER

JOY HOLLAND, R.N., Director 16700 Pennsylvania Road, Southgate, MI 48195

Southgate Center, which serves persons with developmental disabilities, opened in 1977 as a newly constructed physical plant authorized by Act 36 of 1969. It provides a full range of treatment and habilitative services for persons in Wayne, Monroe, Washtenaw, and Lenawee counties.

The center is certified under the ICF/MR program of HCFA.
